

SVM AI Growth Engine

SVM App Overview

Prepared: May 27, 2026

Repository: <https://github.com/Shockvaluemedia/svm-ai-growth-engine>

Category: Growth and performance

Launch Status: Ready candidate

What This App Is About

A comprehensive AI-powered business growth platform built with React, TypeScript, and AWS serverless architecture. This platform helps businesses assess their AI readiness, calculate ROI, and optimize their growth strategies through data-driven insights.

Ready Now

- Web application foundation
- Dashboard experience
- User authentication flow
- AI-assisted workflow
- Admin or operator controls
- Assessment or diagnostic flow
- Reporting and analytics
- Content and membership surfaces

Coming Soon

- Operator workflows
- Automation triggers
- Executive reporting
- End-to-end QA and production hardening
- Analytics, monitoring, and error tracking
- Customer onboarding and support workflows

Launch Notes

- Confirm product owner, launch audience, and pricing or access model.
- Review README, environment variables, and deploy notes before public launch.
- Run QA across the main user journey and admin/operator flows.

- Confirm privacy, security, and support language for the intended audience.
